VINYL CLEANING INSTRUCTIONS

(FOR BOAT TOP AND UPHOLSTERY VINYL)

DO'S

1. DISH SOAP (DAWN or IVORY)
2. TOTALLY AWESOME
3. 303 FABRIC/VINYL CLEANER
4. EpHX VINYL CLEANER
(replaces Vinyl Finish Vinyl cleaner)

DON'TS

1. FORMULA 409 (States not for use on vinyl)
2. MURPHY'S OIL SOAP
3. SIMPLE GREEN
4. DC PLUS
5. ARMORALL
6. TOP KOTE SEALANT
7. SON-OF-A-GUN
8. ORANGE 88 DEGREASER
9. ROLL OFF
10. BLEACH / BAKING SODA
11. TURTLE WAX/TAR
12. APCO
13. HARBOR MATE
14. GASOLINE
15. ACETONE
16. KEROSENE
17. FANTASTIK (Unless states can be used on vinyl)
18. GOO B GONE

For general purpose cleaning, use warm water with mild dish soap, 303 Fabric/Vinyl cleaner, Totally Awesome or EpHX Vinyl cleaner. Gently scrub with a small soft bristle brush.

For dirt build-up use 303 Fabric/Vinyl Cleaner. Let soak for approximately 10 minutes and gently scrub with a soft bristle brush.

Kerosene, gasoline, or acetone will remove the protective marine top coat.

Silicone or petroleum based products will extract the plasticizers in the vinyl, leave it hard and brittle, and eventually cracking may occur.

Do not use a power washer on boat seating upholstery.
