CARE AND CLEANING

One of the best ways to keep Sunbrella fabrics looking good and to delay the need for deep cleaning is to rinse regularly with clear water to help prevent dirt from becoming deeply embedded in the fabric.

Sunbrella fabrics can be cleaned while still on an awning frame or boat top. Simply brush away loose dirt, rinse and clean with a mild, lukewarm soapy solution. Rinse thoroughly and allow to air dry. For detailed cleaning instructions, visit www.sunbrella.com/cleaning.

10-YEAR LIMITED WARRANTY

This limited warranty protects the original purchaser from Sunbrella awning and marine fabric becoming unserviceable due to color or strength loss from normal usage and exposure conditions, including sunlight, mildew and atmospheric chemicals. The limited warranty coverage period is ten years from the date of original installation (five years for specialty fabrics Sunbrella Plus, Supreme and Clarity). For more information about the Sunbrella limited warranty, visit www.sunbrella.com/warranty.

SUNBRELLA (9oz)
BLACK 4608-0000

The premier performance fabric for awning and marine applications. With its legendary combination of durability, water repellency, breathability and beautiful style, Sunbrella® fabric is the perfect canvas for shading on land or at sea.

SUNBRELLA PLUS (10oz)
BLACK 8408-0000

A traditional Sunbrella awning and marine fabric with a durable polyurethane undercoating for superior water resistance. Sunbrella Plus uses standard Sunbrella colors for easy color coordination and is ideal wherever water resistance is essential.

SUNBRELLA CLARITY (10oz) **NEW**
BLACK 83008-0000

For awnings that need to look their best but won't get regular cleaning, Clarity features a durable water-resistant polyurethane undercoating and a special finish that uses the natural elements of sunlight and rain to remove organic contaminants and stains such as streaks caused by roof run-off.

SUNBRELLA SUPREME (12.5oz)
BLACK 9408-0000

A luxurious, waterproof exterior marine fabric featuring Sunbrella canvas on the exterior face, and a special Sunbrella flocking on the reverse side. The unique bonding process creates a waterproof Sunbrella canvas with a beautifully soft headliner underneath.
